

Digital Solutions Store

Quick Reference for Customers

Version 5

September 12, 2021

Copyright 2019 Baker Hughes Company. All rights reserved. The information contained in this document is company confidential and proprietary property of Baker Hughes and its affiliates. It is to be used only for the benefit of Baker Hughes and may not be distributed, transmitted, reproduced, altered, or used for any purpose without the express written consent of Baker Hughes.

Highlights

- eCommerce platform evolving since 2014
- My Returns and Create RMA added in Dec 2019
- My Equipment module added April 2020, Calibration data Sept 2021
- Link to the DS Store: store.bakerhughesds.com/home

1 > Status of Orders and RMAs

- My Orders shows status and key documents for your parts orders.
- My Returns shows wing-to-wing return status

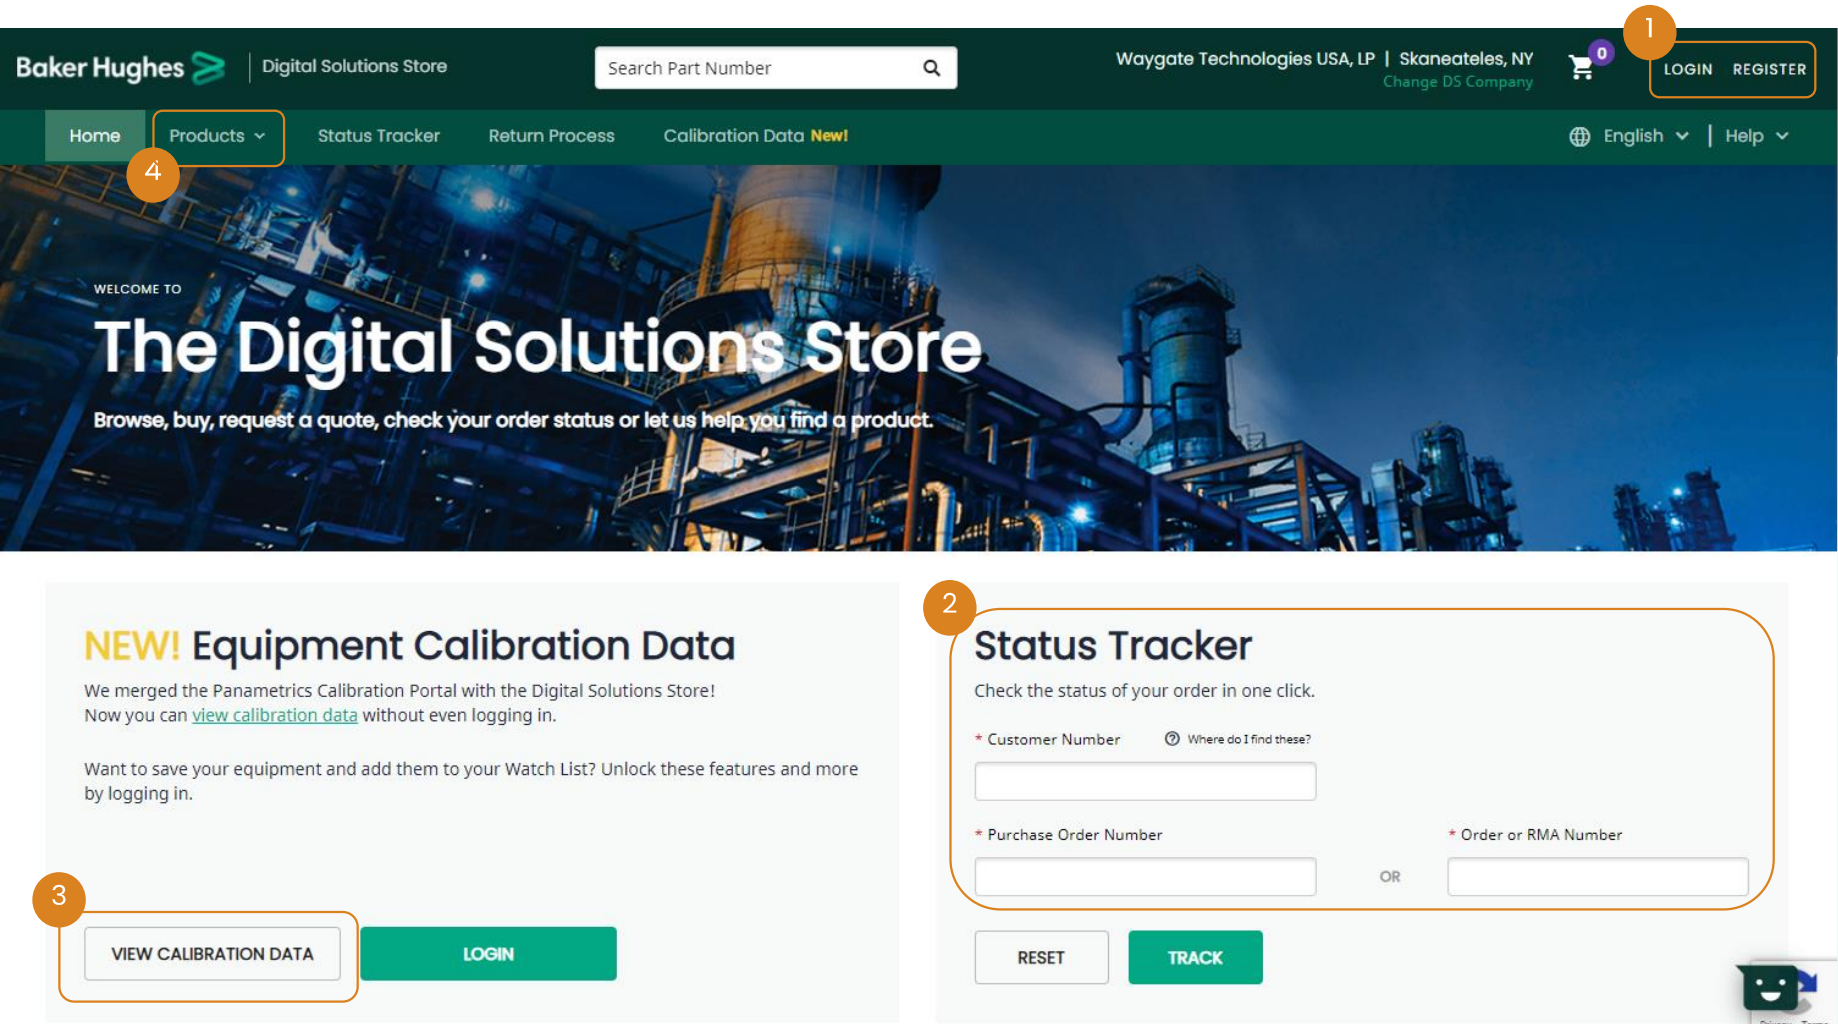

2 > Create RMAs or Orders

- All users can create a new RMA online.
- Several product lines are available; we are adding others quickly.
- Receive an RMA approval and shipping documents in minutes.
- Nexus Controls customers and most partners of Waygate Technologies can also create new parts orders, or check price & availability.

3 > Catalog and My Equipment

- Product Catalog lets you find many of our products and see if they are available for Buy or Return.
- My Equipment is a simple module to help you identify units that you want to track, and when they should be serviced again.
- Specific product lines let you pull Calibration data sheets, and by 2022, some calibration Certificates

Public Guest Page

Anybody can see this Guest page, but you see most of the data after you log in.

- 1. Login or Register for access.
- 2. Quick Status Check.
- 3. View calibration data for some specific product categories.
- 4. Some products are available for purchase or quote in this Product Catalog.

Login for more options and more detail.

Registration tips

Register with us to start using the Baker Hughes Application Suite.

1 • Email Address

2 • Preferred Username

1. Your access is tied to your email address
2. When you enter your email address, we will search to see if you already have a Username.

If you **do not** already have a BakerHughes login account, we will create one for you.

Your username will be your email address.

Please use a company email, not a personal one.

3. We will send a final confirmation email. Please confirm, and we'll set you up.

Home Page

The screenshot shows the Baker Hughes Digital Solutions Store Home Page. The header is dark green with the Baker Hughes logo and 'Digital Solutions Store' text. A search bar is in the center. On the right, there's a user profile section (1) showing 'Your Company Name | Number' and 'Waygate Technologies USA, L...' with a 'Change Account' link. Below this is a shopping cart icon with '1' item and a 'MD' location indicator. A navigation bar below the header contains 'Home', 'Products', 'My Orders' (2), 'My Returns', and 'My Equipment' (3). The main content area has four sections: 'Create New Order' (4) with a 'Paste Part Number' tab and a text area for order details; 'Check Order & RMA Status' with input fields for 'Enter Purchase Order #' and 'Enter Order or RMA #' and 'RESET'/'TRACK' buttons; 'Manage My Equipment' (3) with a 'Save equipment to your Watch List' message and a 'NEW!' announcement about merged portals; and 'Price & Availability Check' (4) with input fields for 'Enter part number' and 'Required quantity'. A 'CHECK' button is at the bottom left. A 'Where do I find these?' link is in the top right of the 'Check Order & RMA Status' section. A 'CHAT' icon is in the bottom right corner.

After you log in, much more information is available.

1. Your company name and number at the top, and the DS business that you are buying from.
2. Status is found in My Orders and My Returns.
3. My Equipment helps you keep a list of your materials for calibration reminders or look up calibration data.
4. If you have authority to place orders, you can see Create A New Order and the Price and Availability Check feature.

Everyone can also check status, Create an RMA, see recent orders, and see My Cart.

2 Return Offerings & Accessories

3 Documentation

4 Offerings Summary

A screenshot of a web interface showing a confirmation message. At the top, it says "Item Added To Returns Cart". Below this, on the left, is a placeholder image of a camera with the text "IMAGE COMING SOON". To the right of the image, the product details are listed: "MVIQAPM61180-8920", "CUSTOM MVIQ, 6.1mm x 18m, LongSteer". On the right side of the interface, there are two buttons: "Add Details" (white with a black border) and "Go To Returns Cart" (solid green).

1. Enter the Part Number, search by Serial Number, or click 'Help me find the part number'.
2. Choose from the list of available repair, calibrate or upgrade choices.
3. Or, choose a return or scrap option if you do not need this item back.
4. The is one optional step, Documentation, for warranty claims or special instructions.

Create RMA: Shopping Cart

Add line items to a Returns shopping cart. Place an Order from this cart to create the RMA.

- Each RMA Form adds one line item to your Returns Cart.
- Some services might require mandatory accessories – such as a system calibration.

1. Fill in a Hazardous Exposure form for the Returns Cart. This replaces the PDF form that you normally give us.
2. Move to Checkout, fill it in, and place your RMA order.

TIP: Create default settings for Checkout, in [My Profile](#).

Helps you track calibration
and regular service for your
products.

1. See the items that you want to focus on.
2. See all items from our records or any other items that you add.
3. Add items if you can't find them in our records.
4. View the Calibration Data for a few product groups.
5. View the Details for each item. See and maintain any Part details, your installation details, your service intervals, other notes.

Product Catalog

1. See all catalogs, so you can return anything, even if you can't purchase some of them.

2. **Show** options to filter to parts you can BUY, RETURN, or both.

3. Popup of each product shows more detail.

Drill into the product popup to see a Product Detail page – it's not too useful yet, but manuals, datasheets, app notes will go here as we evolve.

Frequently Asked Questions

Navigating:

Q: I already have a Baker Hughes login. Can I use that here?

- Yes. If you register for this site, with that login, it will work here. If you use a different email here, though, you will trap yourself into have a separate user identity here, which can cause problems.

Q: Do my Create Order or Quick Order Status features change?

- The look of them changes, but the function is still the same.

Q: What other languages will be available?

- Immediately: German, Spanish, Portuguese. Coming soon: French, Japanese, Russian, Chinese. Check the language selection to see which are available now.

Q: Why aren't there more products with Calibration available?

- We started with Panametrics AIOx sensors in 2021, but will be pulling other products where Calibration data is especially useful. Druck and Film Certificates are coming in a few months.

RMA Portal:

Q: How is this different than the old RMA portal, returns.bhge.com? How is it different from the first version in the DS Store?

- The old portal was not integrated to our ERP. Status was not available, and Products & pricing became outdated.
- We cleaned up the wording to make it easier in the Sept '21 release, but it's the same logic.

Q: When can I create my own RMAs?

- We are adding Returns parts for different product lines when we can. As of September 2021, these are available:
 - Panametrics, Bently, most Waygate products. Druck and Controls should be coming in 2022, and maybe Reuter-Stokes.

Baker Hughes
